Address: Vaclav Havel Boulvard, 03126, Kyiv, Ukraine (Home)

ABOUT ME

I am junior web developer on Python language who is developing skills with Django (DRF) and working as freelancer besides reqular job as QA engineer.
I have strong analytical and teamwork skills. Always ready to grow and gain new knowledge!

WORK EXPERIENCE

13/06/2020 – CURRENT Kyiv, Ukraine
QA MANUAL UBISOFT

Main responsibilities:
- Perform tests on daily basis
- Create and keep test documentation up to date
- Create test plans and test sets via Jira
- Work with other team members and manage different passes
- Keep in touch with production and take part in planning meetings
- Use Postman to check requests for APIs

Achievements:
- Mentoring newcomers during onboarding and then separating them to different branches of the team
- Created useful Jira dashboard for tracking all necessary information (daily reports, current tasks, regression etc..), so team can use it

15/03/2023 – CURRENT Kyiv, Ukraine
FREELANCE

- Create small applications by using Python
- Create bookstore project by using Docker and Django
